

Some things  
are better together.

The Bona Primer & Lacquer System.

**Bona**<sup>®</sup>

Introducing The Bona Primer & Lacquer System.

# The world's best protection for wooden floors.

SOME THINGS ARE BETTER TOGETHER. At Bona, we develop superior products, then we make them work better together. That's why Bona doesn't sell products – we sell systems. During the past few years we have launched successful systems like

The Bona Oil System, The Bona Decking System and The Bona Floor Treatment Program.

**Bona Primers.**  
More than good looking.

*Improved package design – world famous content*

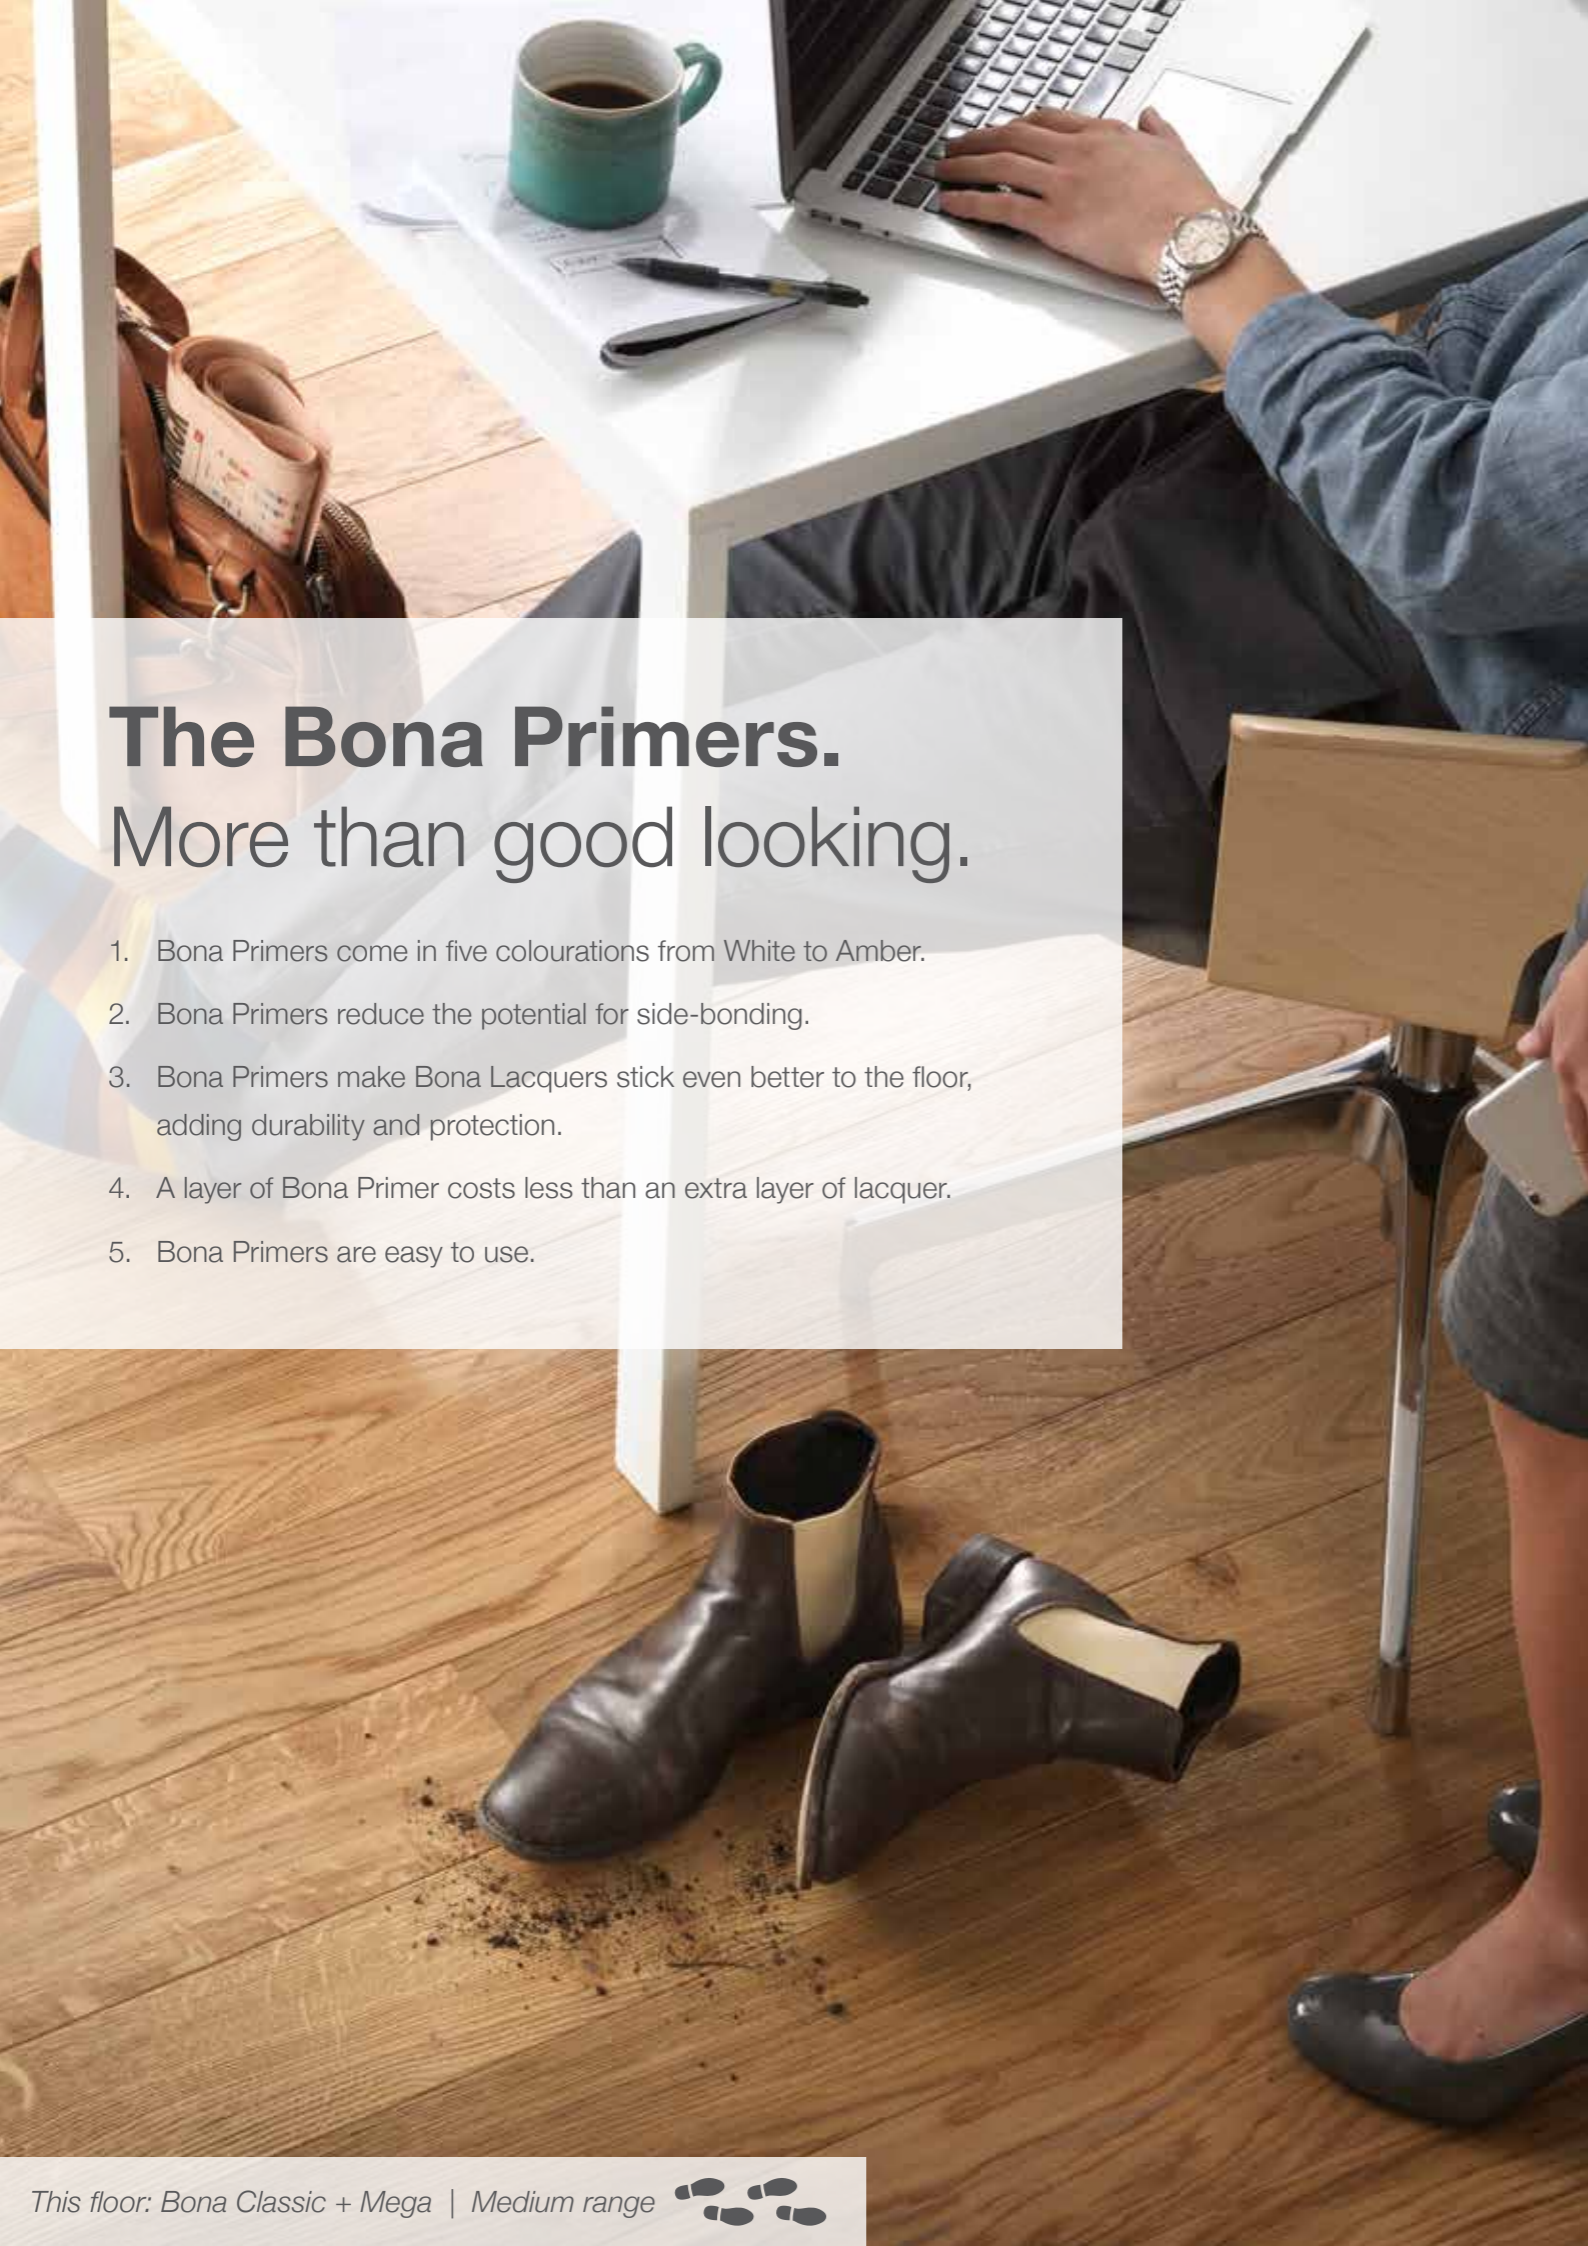

**Bona Lacquers.**  
The toughest there is.

*Improved package design – world famous content*

## Tough. And smart.

THE SYSTEM CONSISTS of superior Bona products that work better together. The first layer of Bona Primer adds colour and makes Bona Lacquer stick even better to the floor, creating unbeatable protection. Combine your skills with our system and get an exceptional result every time. It's as simple as that.

# The Bona Primers. More than good looking.

1. Bona Primers come in five colourations from White to Amber.
2. Bona Primers reduce the potential for side-bonding.
3. Bona Primers make Bona Lacquers stick even better to the floor, adding durability and protection.
4. A layer of Bona Primer costs less than an extra layer of lacquer.
5. Bona Primers are easy to use.

New!

### Bona White

- Whitewashed look
- Reduces wood yellowing
- Easy roller application

### Bona Classic

- Elastic properties
- High solids content – easy to create a well-bodied surface
- Non-yellowing

### Bona Intense

- Medium to dark wood species
- Underfloor heating, plank floors
- Excellent abrasion performance

### Bona Amber

- Tropical wood and darker wood species
- Underfloor heating, plank floors
- Excellent abrasion performance

### Bona Quick

- Quick drying gel
- Reduces scratches
- Non-yellowing
- High permeability, wood colouration depends on choice of lacquer

*Bona waterborne primers are very low VOC and produce wood colouration that ranges from Scandinavian white to warm amber. They are super easy to use on basically all types of wood.*

# The Bona Lacquers. The toughest there is.

1. Bona Lacquers offer the best protection for every need.  
Domestic Range: 1-component for domestic areas  
Medium Range: 1-component for commercial and residential areas  
Heavy Range: 2-component for commercial and public areas
2. Bona Lacquers come in seven varieties, all with their unique properties.
3. Bona Primers make Bona Lacquers stick even better to the floor, adding durability and protection.
4. Bona Lacquers are very low in VOC.
5. Four sheen levels, extra matt, matt, natural and gloss.

1-component for domestic areas

**Medium range**  
1-component for commercial and residential areas

**Heavy range**  
2-component for commercial and public areas

New!

# The natural look and feel of pure wood.

Some floors look just right from the start, needing no extra colouration. To protect this natural beauty we have developed Bona Mega Natural (medium range) and Bona Traffic Natural (heavy range). They produce a surface that feels more like natural, finely sanded wood. Combine with the new Bona White primer for the impression of natural wood.

New!

# Labels that help you do a great job.

OUR FRONT LABELS are as systematic as the system itself. They tell you the product's unique features, its level of colouration, sheen and protection. All to help you make the right decisions faster.

# How the system benefits you:

✓ **World beater**

Together, Bona Primer and Bona Lacquer create unbeatable protection.

✓ **Works everywhere**

Works perfectly on any wooden floor in any situation – domestic, office or heavy commercial.

✓ **Endless possibilities**

Combine 5 primers and 7 lacquers as you please.

✓ **Easy to use**

The products are very easy to apply, and all the information you need to choose the perfect combination of primer and lacquer for your floor project is on the pack.

✓ **Saves money**

Starting with a layer of primer costs far less than adding an extra layer of lacquer.

✓ **Better for your health**

All products have a low VOC level, and are Greenguard Certified for indoor air quality.

✓ **Great result every time**

Combine your skills with our system for an exceptional result every time.

## A safer product for everyone.

Back in the 1970s we were pioneers of waterborne lacquers. Today we offer the world's leading range of low VOC products, Greenguard Certified for indoor air quality. It's good for our conscience, the craftsmen's working environment, and for floor owners who don't have to leave the premises because of solvent fumes.

# The world's best protection for wooden floors.

## Moulin Rouge in Paris

This floor: Bona Intense + Bona Mega

## Tower Bridge in London

This floor: Bona Classic + Bona Traffic

## Bulgari shop in Singapore

This floor: Bona Intense + Bona Traffic Natural

## Bringing out the best in wooden floors.

AT BONA WE are committed to the whole lifetime of wooden floors. We are devoted to provide solutions that keep a floor perfect during its entire life. Through our long commitment and constant search for innovation we are able to offer lasting, sustainable results for professionals and floor owners.

Bona AB is a family-owned company founded in 1919. With its head quarters in Sweden, Bona is now present in almost 100 different

countries all over the world through subsidiaries and distributors. We provide products for the installation, maintenance and renovation of wooden floors throughout their lifetime. Today we have solutions for professionals, homeowners and parquet producers.
